Stealth

For Heavy-Duty Bending & Assembly Work

Built from high carbon stainless steel, Aven's Stealth Pliers are designed for heavy-duty use. Featuring screw joint construction for maximum durability, these pliers are ensured to have precise tip alignment.

- Ultra-responsive dual leaf springs provide easy opening and closing for reduced hand fatigue during repetitive use
- ESD safe, ergonomic hand grips provide protection against static build up and feel comfortable for all hand sizes
- Ideal for projects that include forming, bending and precision assembly
